Specialization Clusters (17 Pathways)

While the core curriculum remains identical for all students, the final degree designation, electives alignment, and context of the **MGT590 Action Research Project** can be targeted to define explicit specialization titles:

- Finance / Financial Management
- Marketing / Digital Marketing
- Human Resource Management
- IT Management / Business Strategy & Disruptive Tech
- Operation and Production / Logistics & Supply Chain
- Project Leadership / Management Consulting
- Healthcare Management / Hospital Administration

Academic Assessment Model

The program does not use traditional closed-book examinations. Instead, it follows a rigorous evaluation workflow designed for working corporate practitioners:

- **Application-Oriented Assignments (AOA):** A extensive case analysis, report, or strategic audit plan (typically 3,500 to 4,000 words per core module).
- **Virtual Oral Defense (Viva Voce):** A brief real-time professional defense of your submitted business artifacts to confirm mastery and preserve academic rigor.
